School Closures: Outaouais Region May 27, 2020

Good morning,

You may be aware that the weather forecast for tomorrow in the Outaouais Region is above 33° Celsius (38° Celsius humidex for an extended period of time). Due to the extreme heat and the COVID-19 restrictions on using fans, along with obvious related health concerns, the Western Quebec School Board has taken the decision to close all schools in Region 7 (Outaouais), for Wednesday, May 27.

Sincerely,

GEORGE SINGFIELD

Secretary General – Director of Corporate Services and Communication
